

WEST VIRGINIA INFORMATIONAL LETTER
INSURANCE COMMISSIONER

No. 7-A
June, 1973

PAYMENT OF COMMISSIONS

Following the issuance of Informational Letter No. 7, on May 9, 1973, this office received numerous inquiries from insurers and agents indicating that a number of complex problems exist which would make it difficult to meet the July 1, 1973, deadline for compliance. After due consideration of such problems, it appears that insurers and agents will reasonably require additional time to resolve, such problems and to make the required changes. Accordingly, persons affected by Informational Letter No. 7 shall have until April 1, 1974, to comply with the provisions of Informational Letter No. 7.

In all other respects, the provisions of Informational Letter No. 7 remain unchanged.

Samuel H. Weese
Insurance Commissioner
